Dear Judge Findlay,

I hope this letter finds you in the best of health. I am writing you in regards to my case; United States v. Tony Leipera no. MJ-04-815-MBB. I have been in custody at the Plymouth House of Corrections for ten months to date. I had an attorney by the name of Barry P. Wilson representing me but I was forced to fire him because he kept filing motions that I was unaware of and the way I was being treated was not acceptable. I have since December 15, 2004 went before the Honorable Marianne B. Bowd for bail for the second time and was granted bail from the government in the form of my family putting up property in Brockton MA. I have been waiting since then to be released, but the ~~other~~ lawyer I had has done nothing but be very disrespectful to me and my family. All of this is besides the fact that I am writing you. I wrote to you because I don't know nothing that is going on in my case. I don't know

what is being offered for time; what
I am facing or anything
else. I know I have a court date
coming up on February 18, 2005 from
what I was told before from a
relative of mine who called the lawyer
I was working with, but now since
I have no lawyer I was wondering
if I will still be brought into
court or not. This is my first serious
charge that I have ever had. I have
never had any other guns on my record
or been in a serious matter as the
present one. If I knew what I was
facing or at least a little more
information than I know now I
might be willing to go in to court
and plead guilty even
though I know I am not. I just
want to get this over with so I
can put all of this behind me and
start my life again. I graduated
from the Bay State School of
Technology in Canton Ma on
November 18, 2003. I was going to get
a job but without a license its hard
especially in the field I graduated from.

I have had a grandfather whom I have never met pass away recently and a very good friend of mine also. I am not asking for your sympathy on me. I am just asking to get to know some information since you are my judge and if I can speed this process up so I can get this situation over with and get on with my life. Thank you for your time and I hope to hear from you soon, but if not from you maybe someone can let me know something pertaining to my situation.

Thank you

Very truly yours,
Tony Gomez Figueroa
